

Programs

August 19 (Fri)

Room G1+G2

9:00-9:45

Opening Ceremony & Award Ceremony

English

*日英同時通訳あり

10:00-11:00

Special Lecture: Japan Nutrition

English

*日英同時通訳あり

Chairperson: Chwang Leh-Chii (Honorary President, Asian Federation of Dietetic Associations / President, Chinese Dietetic Society, Taiwan)

SL1

Japan Nutrition

Teiji Nakamura^{1,2}

¹Japan Dietetic Association, Japan, ²Kanagawa University of Human Services, Japan

11:15-12:00

Keynote Speech 1: Nutrition Policy in Japan to Leave No One Behind and the Role of Registered Dietitians/Dietitians

English

*日英同時通訳あり

Chairperson: Teiji Nakamura, (President, Japan Dietetic Association / Kanagawa University of Human Services, Japan)

KS1

Nutrition Policy in Japan to Leave No One Behind and the Role of Registered Dietitians/Dietitians

Yasuyuki Sahara

Health Service Bureau, Ministry of Health, Labor and Welfare, Japan

Room F201+F202

12:30-13:30

Mini Symposium Sponsored by Yakult Honsha Co., Ltd.

English

*日英同時通訳あり

MS-1

Efficacy of Probiotics on Digestive Disorders and Acute Respiratory Infections: A Controlled Clinical Trial in Young Vietnamese Children

Truong Tuyet Mai

National Institute of Nutrition, Vietnam

MS-2

Effect of *Lacticaseibacillus Paracasei* Strain Shirota Supplementation on Clinical Responses, Gut Microbiota and Faecal Metabolites in Patients with Parkinson's Disease: A Randomized, Double-blind, Placebo-controlled Trial

Xiaodong Yang

Ruijin Hospital, Shanghai Jiao Tong University School of Medicine, China

Programs

Room F201+F202

14:00-15:30

Symposium 1: The Role of Dietitians in the Prevention and Treatment of Diabetes

English

*日英同時通訳あり

Chairpersons: Hirohito Sone (Niigata University, Japan)
Duc Son Lee (University of Medicine and Pharmacy at Ho Chi Min City, Vietnam)

- SY1-1 Practice and Research on Medical Nutrition Therapy for People with Diabetes through Collaboration between Dietitians and Other Professions**
Hirohito Sone
Department of Internal Medicine, Niigata University Faculty of Medicine, Japan
- SY1-2 The Role of Certified Specialist of Registered Dietitian for Diabetes (CSRDD) in the Prevention and Treatment of Diabetes in Japan**
Kenichiro Shide
Department of Metabolism and Clinical Nutrition, Kyoto University Hospital, Japan
- SY1-3 Expectations for Vietnamese Dietitians in the Management of Diabetes: A View of Medical Doctor and Nutritionist**
Duc Son Nguyen Trung Le
Nutrition and Food Security, Pham Ngoc Thach Medical University, Viet Nam

Room F203+F204

14:00-15:30

Symposium 2: Diet Quality – Novel Approach to Health Using Nutrient Profiling –

English

*日英同時通訳あり

Chairpersons: Hisanori Kato (The University of Tokyo, Japan)
Kentaro Murakami (The University of Tokyo, Japan)

- SY2-1 The Outline of Nutrient Profiling System**
Hisanori Kato
Graduate School of Agricultural and Life Sciences, The University of Tokyo, Japan
- SY2-2 Characterizing the Diets Consumed by Japanese Based on Various Dietary Variables: Are Japanese Diets Really Healthy?**
Kentaro Murakami
Department of Social and Preventive Epidemiology, The University of Tokyo, Japan
- SY2-3 Application of Nutrient Profiling for Assessing Maternal Dietary Quality in Japan**
Noriko Sato^{1,2}
¹*Division of Human Development, Graduate School of Human Life Science, Japan Women's University, Japan,*
²*Comprehensive Reproductive Medicine, Graduate School of Medical and Dental Sciences, Tokyo Medical and Dental University, Japan*
- SY2-4 Implementation of the Health Star Rating System and Its Social Applications**
Fraser Taylor^{1,2}
¹*FoodSwitch, The George Institute for Global Health, Australia,* ²*Medicine, University of New South Wales, Australia*

Programs

Room E26

14:00-17:00 **Workshop 1: Let's Talk with Young Dietitians about Our Future**

English only

Chairpersons: Georgen Choong Jean Thye (Malaysian Dietitians' Association, Malaysia)
Tzu Yun Chu (Taipei Veterans General Hospital, Taiwan)
Varanya Techasukthavorn (Chulalongkorn University, Thailand)
Samitti Chotsriluecha (Phramongkutklao Hospital and College of Medicine, Bangkok, Thailand)
Yupa Chanwikrai (University of Phayao, Thailand)
Trang Thu Nguyen (Jumonji University, Japan)

WS1 **Young Dietitians of AFDA Member Countries**

Saori Kataoka, *Kanagawa University of Human Services, Japan*
Ishak Halim Octawijaya, *Kanagawa University of Human Services, Japan*
Risako Okuyama, *Aomori Hachinohe the Second Prefectural School for the Disabled, Japan*
Giang Huong Nguyen, *Jumonji University, Japan*
Diep Van Nguyen, *Fujinoe Company, Japan*
Thao Phuong Tran, *Jumonji University, Japan*
Ngoc Thi Ta, *Asian Nutrition and Food Culture Research Center, Vietnam*
Marita Villarama De Guzman, *Nutritionist-Dietitians' Association of the Philippines, Philippines*
Zi-Xuan Lin, *National Taiwan University Hospital, Taiwan*
Yoottana Prommaun, *Satuek Hospital, Thailand*
Pongsakorn Longchuan, *Somdech Phra Pinklao Hospital, Thailand*
Phuong Mai Nguyen, *Quest Company, Japan*

Room F205+F206

14:00-15:30 **Workshop 2: Dietitians' Activities in Obesity Prevention Programs**

English

*日英同時通訳あり

Chairperson: Yasuhiro Kido (Konan Women's University, Japan)

WS2-1 **Dietitian's Activities in Obesity Prevention Programs**

Samitti Chotsriluecha
Clinical Nutrition, Phramongkutklao Hospital and College of Medicine, Thailand

WS2-2 **Dietitians' Activities in Indonesian Obesity Prevention Programs**

Miranti G. Sumapradja
Indonesian Dietetic Association, Indonesia

WS2-3 **Obesity Control Measures Using Specific Health Guidance in Japan**

Chihiro Oizumi
Health Promotion Division, Sanjo City Government, Japan

Room F201+F202

16:00-17:00 **Educational Lecture 1: Autophagy and Nutrition**

Japanese (日本語)

*English-Japanese simultaneous translation available

Chairperson: Tatsushi Komatsu (Doshisha Women's College of Liberal Arts, Japan)

EL1 **Autophagy and Nutrition**

Keiji Tanaka
Protein Metabolism, Tokyo Metropolitan Institute of Medical Science, Japan

Programs

Room F203+F204

16:00-17:30 **Symposium 3: Infectious Disease Control and Nutritional Management**

English

*日英同時通訳あり

Chairpersons: Tohru Sakai (Tokushima University, Japan)
Kenji Toyama (Nara Women's University, Japan)

- SY3-1** **COVID-19 Infection and Nutritional Status**
Tohru Sakai
Department of Public Health and Applied Nutrition, Institute of Biomedical Science, Tokushima University Graduate School, Japan
- SY3-2** **Covid-19 Pandemic and Nutritional Management: What Can We Learn?**
Jung-Su Chang
School of Nutrition and Health Sciences, College of Nutrition, Taipei Medical University, Taiwan
- SY3-3** **Virgin Coconut Oil Is Effective In Lowering C-reactive Protein Levels among Suspect and Probable Cases of COVID-19**
Imelda Angeles Agdeppa
Department of Science and Technology - Food and Nutrition Research Institute , Philippines
- SY3-4** **Report on Nutritional Support for COVID-19 Patients at Saiseikai Suita Hospital**
Yuta Nagaike
Department of Nutrition, Saiseikai Suita Hospital, Japan

Room F205+F206

16:00-18:00 **Workshop 3: The Tokyo Nutrition Summit 2021: Realizing Our Commitments**

English

*日英同時通訳あり

Chairperson: Koji Miura (Fujita Health University, Japan)

- WS3-1** **Food-based Dietary Guideline for Sustainable Healthy Diets: Lessons from Japanese Diet and Longevity toward SDGs**
Shoichiro Tsugane
National Institute of Health and Nutrition, National Institutes of Biomedical Innovation, Health and Nutrition, Japan
- WS3-2** **The Commitment and Its Progress of the Federation of Japanese Nutrition Societies (FJNS)**
Yukari Takemi
Faculty of Nutrition Science, Kagawa Nutrition University, Japan
- WS3-3** **Nutritional Commitment of Ajinomoto Group - Nutrition Without Compromising Taste Toward Responsible Nutrition -**
Hisayuki Uneyama
Global Communications Department, Ajinomoto Group, Japan
- WS3-4** **Promote and Develop the Dietetic System in Asian Countries**
Teiji Nakamura^{1,2}
¹Japan Dietetic Association, Japan, ²Kanagawa University of Human Services, Japan

Programs

August 20 (Sat)

Room F205+F206

9:00-10:30 **Workshop 4: Community Nutrition Activities by Public Health Dietitians - Maternal and Child Nutrition Program**

English

*日英同時通訳あり

Chairpersons: Hazreen Abdul Majid (Centre for Population Health, University of Malaya, Malaysia)
Miki Miyoshi (Aomori University of Health and Welfare, Japan)

WS4-1 **Community Nutrition Activities by Public Health Dietitians - Maternal and Child Nutrition Program in Malaysia**

Hazreen Abdul Majid
Centre for Population Health, University of Malaya, Malaysia

WS4-2 **Dietary Risk Factors of Physical Growth of Filipino School-aged Children**

Imelda Angeles Agdeppa¹, Taro Nakamura², Mayu Sugita², Marvin Bangan Toledo¹,
Pamela Castillo Sampaga¹, Jezreel Ann Taruc Zamora¹
¹Food and Nutrition Research Institute, Philippines, ²Institute of Food Sciences & Technologies, Ajinomoto Co., Inc, Japan

WS4-3 **Public Health Nutrition Activities by Administrative Dietitians in Japan: The Maternal and Child Nutrition Program**

Midori Ishikawa
Department of Health Promotion, National Institute of Public Health, Japan

Room F201+F202

9:30-10:30 **Educational Lecture 2: Gut Microbiota and Nutrition**

English

*日英同時通訳あり

Chairperson: Seichiro Aoe (Otsuma Women's University, Japan)

EL2 **Gut Microbiota and Nutrition**

Yuji Naito
Department of Human Immunology and Nutrition Science, Kyoto Prefectural University of Medicine, Japan

Room F203+F204

9:30-10:30 **Special Symposium: The AFDA Official Journal of the Dietitian, by the Dietitian, for the Dietitian**

English

*日英同時通訳あり

Chairpersons: Winnie Chee (Malaysian Dietitians' Association, Malaysia)
Zenaida F. Velasco (Dietitians' Association of the Philippines, Philippines)

SSY1-1 **The AFDA Official Journal of the Dietitian, by the Dietitian, for the Dietitian**

Shigeru Yamamoto
Asian Nutrition, Jumonji University, Japan

SSY1-2 **Research and Publication in The Dietetics Profession – How to Optimize Our Competency**

Winnie Chee
Nutrition & Dietetics, International Medical University, Malaysia

SSY1-3 **The Study on the Awareness and Effectiveness of the AJD among Filipino Dietitians**

Zenaida Fainsan Velasco
Nutritionist-Dietitians' Association of the Philippines, Philippines

Programs

Room F201+F202

11:00-12:30

Symposium 4: Salt Reduction Measures and Activities for Local Residents: Past, Present, and Future

Japanese (日本語)

*English-Japanese simultaneous translation available

Chairpersons: Mieko Nakamura (Hamamatsu University School of Medicine, Japan)
Katsushi Yoshita (Osaka Metropolitan University, Japan)

- SY4-1 Sodium Reduction Measures and Activity in Korea**
Kyung-Joo Kim
The Korean Dietetic Association, Korea
- SY4-2 Salt Reduction Activities in Shizuoka Prefecture for Community and Occupational Health Promotion**
Mieko Nakamura
Community Health and Preventive Medicine, Hamamatsu University School of Medicine, Japan
- SY4-3 Niigata Prefecture's Nutrition Policy "Niigata Gen-en (salt reduction) Renaissance Movement" and Subsequent Efforts**
Miyo Kojima
Health and Welfare Department, Health Promotion Support Division, Niigata Prefectural Government, Japan
- SY4-4 Salt Reduction Activities by Japanese Registered Dietitians and Dietitians: Past Efforts and Results and Future Development**
Katsushi Yoshita
Graduate School of Human Life and Ecology, Osaka Metropolitan University, Japan

Room F203+F204

11:00-12:30

Symposium 5: Dietitians' Activities through the Use of AI, ICT, etc.

English

*日英同時通訳あり

Chairpersons: Shihoko Suzuki (Vice President, Japan Dietetic Association /
Kanagawa University of Human Services, Japan)
Nana Matsumoto (The University of Tokyo, Japan)

- SY5-1 A Novel "Software as a Medical Device" for Nutrition Therapy in Diabetes Management**
Kaori Ikeda¹, Kenichiro Shide²
¹Institute for Advancement of Clinical and Translational Science, Kyoto University Hospital, Japan, ²Metabolism and Clinical Nutrition, Kyoto University Hospital, Japan
- SY5-2 Use of Information Communication and Technology, Artificial Intelligence by Nutritionists of 21st Century - An Indian Perspective**
Jagmeet Madan
Department of Food Nutrition and Dietetics, Sir Vithaldas Thackersey College of Home Science (Autonomous) SNTD Women's University, Mumbai, India

Programs

Room F205+F206

11:00-12:30 **Workshop 5: Systems, Activities, and Issues for Hospital Dietitians**

English

*日英同時通訳あり
*WS5-1: Pre-recorded presentation

Chairperson: Yasuyo Wada (National Institute of Public Health, Japan)

WS5-1 **Systems, Activities and Issues for Hospital Dietitians – Active Participation to Eradicate Hospital Acquired Malnutrition**

Gordon Cheung
Hong Kong Nutrition Association, Hong Kong

WS5-2 **Systems, Activities and Issues for Korean Hospital Dietitians**

Jeeyeon Kim
Nutrition, The Catholic University of Korea, Eunpyung St. Mary's Hospital, Korea

WS5-3 **The Roles and Challenges for the Registered Dietitian in Kaifukuki (Convalescent) Rehabilitation Wards**

Shinta Nishioka
Department of Clinical Nutrition and Food Service, Nagasaki Rehabilitation Hospital, Japan

Room F201+F202

12:45-13:45 **Mini Seminar
Sponsored by Ajinomoto Co., Inc.**

English

*日英同時通訳あり

Novel Approaches for a Healthier and Sustainable Society by Improving Nutrition with Umami

Hitomi Hayabuchi¹, Nattida Chotechuang²
¹Fukuoka Women's University and Fukuoka Asia Urban Research Center, Japan, ²Chulalongkorn University, Thailand

Room F201+F202

14:00-15:00 **Educational Lecture 3: Elucidating Eating Behavior for Developing Mechanism-based Effective Interventions**

English

*日英同時通訳あり
*Online presentation

Chairperson: Midori Ishikawa (National Institute of Public Health, Japan)

EL3 **Elucidating Eating Behavior for Developing Mechanism-based Effective Interventions**

Tsutomu Sasaki
Division of Food Science and Biotechnology, Graduate School of Agriculture, Kyoto University, Japan

Room F203+F204

14:00-15:30 **Symposium 6: The Future of the School Lunch System and the Message from Japan**

Japanese (日本語)

*English-Japanese simultaneous translation available

Chairperson: Rumi Saito (Ministry of Education, Culture, Sports, Science and Technology, Japan)

SY6-1 **Japanese School Lunch System**

Rumi Saito
Elementary and Secondary Education Bureau, Health Education and Shokuiku Division, Ministry of Education, Culture, Sports, Science and Technology, Japan

Programs

SY6-2 Current Status and Issues of School Lunch in Japan

Tomoko Nakada
Japan Dietetic Association, Japan

SY6-3 Japanese School Lunches: A Perspective from Vietnamese Dietitians

Giang Huong Nguyen
Department of Food and Nutrition, Jumonji University, Japan

Room F205+F206

14:00-15:30 Workshop 6: Practical Nutritional Management for Persons with Disabilities

English

*日英同時通訳あり

Chairpersons: Kazumi Tanaka (Kanagawa University of Human Services, Japan)
Ishak Halim Octawijaya (Kanagawa University of Human Services, Japan)

WS6-1 Development of Nutritional Assessment Sheet for Defecation in Spinal Cord Injury and Spina Bifida Athletes

Shihoko Suzuki
School of Nutrition & Dietetics, Faculty of Health & Social Services, Kanagawa University of Human Services, Japan

WS6-2 Challenges in Nutrition Management for Vietnamese Older Adults with Dysphagia

Thao Phuong Tran, Shigeru Yamamoto
Department of Asian Dietetics, Jumonji University, Japan

Room F201+F202

16:00-17:30 Symposium 7: SDGs Approach: Agricultural Products for Health Promotion

English

*日英同時通訳あり

Chairperson: Yasuhiro Kido (Konan Women's University, Japan)

SY7-1 Utilization of Functional Agricultural Products for Health Maintenance and Promotion

Mari Maeda-Yamamoto
Food Research Institute, National Agriculture and Food Research Organization, Japan

SY7-2 Role of Diet Diversification in Food Security and Health Promotion

Mian Kamran Sharif¹, Fayza Khan², Tabana Naz¹
¹National Institute of Food Science & Technology, University of Agriculture, Pakistan, ²Health Icon Medical & Diagnostic Centre, Pakistan

SY7-3 Insights from a Dietary Survey of Children in an Area Close to Forests in Stung Treng Province, Kingdom of Cambodia

Saiko Shikanai
Department of Nutrition, Aomori University of Health and Welfare, Japan

Programs

Room F203+F204

16:00-17:30

Symposium 8: Training Dietitians to Be Respected in Society

English

*日英同時通訳あり

Chairpersons: Chwang Leh-Chii (Honorary President, Asian Federation of Dietetic Associations / President, Chinese Dietetic Society, Taiwan)
Shigeru Yamamoto (Jumonji University, Japan)

- SY8-1** **What is Needed to Become a Dietitian Trusted and Respected by Society: From an Educator's Point of View**
Shigeru Yamamoto
Asian Nutrition, Jumonji University, Japan
- SY8-2** **What is Needed to Become a Dietitian Trusted and Respected by Society: From a Hospital Dietitian's Point of View**
Chanida Pachotikarn
Thai Dietetic Association, Thailand
- SY8-3** **What Is Needed To Become A Dietitian Trusted And Respected By Society: From a MD's Point of View**
Linh Thuy Nguyen
Nutrition and Food Safety, Hanoi Medical University, Viet Nam

Room F205+F206

16:00-17:30

Workshop 7: The Role of Nutrition Professionals in Strategies to Prevent Frailty and Sarcopenia in Community

English

*日英同時通訳あり
*WS7-2: Pre-recorded presentation

Chairpersons: Kumiko Yoneyama (Function-Enhanced Certified Nutrition Care Station eatcoco, Japan)
Yasutake Tomata (Kanagawa University of Human Services, Japan)

- WS7-1** **Prevention of Frailty and Sarcopenia Using Nutrition, Food, and Exercise Support: Role of a Nutrition Care Station with Interprofessional Collaboration between Medical Staff and Registered Dietitians**
Yayoi Tanaka
Department of Management Nutrition Sciences, Kanto Gakuin University, Japan
- WS7-2** **The Role of Nutrition Professionals in Strategies to Prevent Frailty and Sarcopenia in the Community**
Gordon Cheung
Hong Kong Nutrition Association, Hong Kong
- WS7-3** **Novel Food Formulation Strategies to Prevent and Manage Sarcopenia**
Kalpana Bhaskaran
¹Singapore Nutrition & Dietetics Association, ²Centre of Applied Nutrition Services & Glycemic Index Research Unit, Temasek Polytechnic, Singapore

Programs

August 21 (Sun)

Room G1+G2

9:00-10:00

Educational Lecture 4: Food Waste and Nutrition: Qualitative Adjustment in the SDGs Era in the Food Supply Chain

Japanese (日本語)

*English-Japanese simultaneous translation available

Chairperson: Toshiko Saito (Vice President, Japan Dietetic Association / Niigata University Graduate School of Medical and Dental Science, Japan)

EL4

Food Waste and Nutrition: Qualitative Adjustment in the SDGs Era in the Food Supply Chain

Tomio Kobayashi

Social and Family Economy, Japan Woman University, Japan

Room G1+G2

10:30-11:30

Keynote Speech 2: BOSAI and Disaster Nutrition Assistance ~ Disaster Food, Nutritional Standards and Disaster Dietitian Originating from Japan ~

English

*日英同時通訳あり

Chairperson: Khalid Iqbal (Khyber Medical University, Pakistan)

KS2

BOSAI and Disaster Nutrition Assistance

~Disaster Food, Nutritional Standards and Disaster Dietitian Originating from Japan~

Nobuyo Tsuboyama-Kasaoka

International Center for Nutrition and Information, National Institute of Health and Nutrition, National Institutes of Biomedical Innovation, Health and Nutrition, Japan

Room G1+G2

11:30-12:00

Closing Ceremony & Award Ceremony (Poster)

English

*日英同時通訳あり

Programs

August 19 (Fri)

Exhibition Hall D

11:30-12:30 Poster Session: Nutritional Biochemistry and Physiology

- PS-1-1 Inhibitory Effect of Extract from Eucalyptus Gunnii on α -Synuclein Amyloid Fibrils Formation**
Isao Suetake^{1,2}, Misaki Ono¹, Kaede Yamazaki³, Shigeki Ogai³, Kenichi Tanabe¹, Masaki Kato¹, Hisaya Kawate¹, Tomoyuki Oki¹, Hironobu Hojo², Hiroshi Hamajima³, Risa Mutoh⁴, Yasuo Nagata³, Masatomo So²
¹Department of Nutritional Sciences, Nakamura Gakuen University, Japan, ²Institute for Protein Research, Osaka University, Japan, ³Saga Food & Cosmetic Laboratory, Saga Prefectural Industrial Innovation Center, Japan, ⁴Department of Applied Physics, Fukuoka University, Japan
- PS-1-3 Characterization of Beige Adipocyte Progenitor Cells by Single-Cell Analyses and Their Implication in Lifestyle Diseases**
Yasuo Oguri^{1,2}, Tsutomu Sasaki¹
¹Laboratory of Nutrition Chemistry, Division of Food Science and Biotechnology, Graduate School of Agriculture, Kyoto University, Japan, ²Beth Israel Deaconess Medical Center, Division of Endocrinology, Diabetes & Metabolism, Harvard Medical School, USA
- PS-1-4 Comparison of Metabolome under Pyridoxine Sufficient and Deficient Conditions in SH-SY5Y Cells**
Nana Itoh, Kotomi Fujita, Toshio Iwaki, Shigeo Takenaka, Hiroaki Kanouchi
Life and Environmental Science, Osaka Prefecture University, Japan
- PS-1-5 The Exposure to Dashi through the Lactating Mother Alters Appetite of Offsprings for Oil during Their Adulthood**
Shunsuke Fushimi, Tsutomu Sasaki
Laboratory of Nutrition Chemistry, Division of Food Science and Biotechnology, Graduate School of Agriculture, Kyoto University, Japan
- PS-1-6 Vitamin B₆ Deficiency Induced Accumulation of Liver Lipids, and It was Effectively Ameliorated by Choline and to a Lesser Extent, Betaine**
Erina Kitagawa^{1,2}, Yuki Ota³, Maki Hasegawa⁴, Tomoyuki Nakagawa^{1,3,4}, Takashi Hayakawa^{4,5}
¹Department of Science of Biological Resources, The United Graduate School of Agricultural Science, Gifu University, Japan, ²Department of Health and Nutrition, Nagoya Bunri University, Japan, ³Department of Applied Life Sciences, The Graduate School of Applied Biological Sciences, Gifu University, Japan, ⁴Department of Applied Biological Sciences, Gifu University, Japan, ⁵Department of Applied Life Studies, College of Nagoya Women's University, Japan
- PS-1-7 Effects of Greek Yogurt on Body Composition, Muscle Strength, Physical Functions, and Subjective Evaluation Parameters**
Aki Ogawa¹, Shunsuke Morita², Hiroshi Iwamoto², Kazuhiro Miyaji², Makoto Usami¹, Yasuhiro Kido¹
¹Department of Clinical Nutrition and Dietetics, Konan Women's University, Japan, ²Health Care & Nutritional Science Institute, R&D Division, Morinaga Milk Industry Co., Ltd., Japan
- PS-1-10 Characterization of Skin Conditions Leading to Sensitization, a Pre-phase of Food Allergy: A Mouse Model Study**
Mayuko Ichimura-Shimizu
Pathology and Laboratory Medicine, Tokushima University, Japan
- PS-1-11 HydroZitLa: New Beverage Formulated from Banana Stem Extract and Butterfly Pea Flower Delays Aging and Promotes Longevity in Preclinical Models**
Nattida Chotechuang¹, Ander Abarrategi², Jhonathan Andres Vergara², Mani Iyer Prasanth³, Tewin Tencomnao³, Kamonchanok Chuenwisad⁵, Sergio Moya⁴, Chanchai Boonla⁵
¹Food Technology, Faculty of Science, Chulalongkorn University, Thailand, ²Regenerative Medicine, CIC biomaGUNE, Spain, ³Clinical Chemistry, Faculty of Allied Health Science, Chulalongkorn University, Thailand, ⁴Soft Matter Nanotechnology, CIC biomaGUNE, Spain, ⁵Biochemistry, Faculty of Medicine, Chulalongkorn University, Thailand

Programs

PS-1-12 A Thiamin Derivative Ingestion Was Tended to Be Lower in Akt Phosphorylation under Thiamin Sufficient State in Rat Skeletal Muscle

Hiroyuki Masuda

Health and Nutrition, Niigata University of Health and Welfare, Japan

11:30-12:30 Poster Session: Food Science

PS-1-13 Oxidative Stability of Oil Extracted from Pufferfish Liver at Different Temperatures

Kazue Onuki¹, Tomoka Okamoto², Yuki Sakakura¹, Tamao Noguchi³

¹Department of Food Sciences, Ibaraki Christian University, Japan, ²Graduate School of Human Life Science, Ibaraki Christian University, Japan, ³Postgraduate School of Healthcare, Graduate School, Tokyo Healthcare University, Japan

PS-1-15 Effect of Oven Set Temperature and Baking Tray Material on Quality and Core Temperature of Food

Hiroe Matsuzuki

Department of Food and Nutrition Design, Japan Women's University, Japan

PS-1-16 Multi-omics Analysis Reveals Therapeutic Effects of Bacillus Subtilis-fermenting Astragalus Membranaceus in Hyperuricemia via Modulation of Gut Microbiota

Ruoyu Wang

School of Public Health, Peking University, China

PS-1-17 Preparation of Egg-Free Mayonnaise-Like Seasoning Using Gelatinized Rice Flour for Food Allergies

Azumi Yamagishi¹, Asako Tamura²

¹Department of Child Studies, University of Niigata Prefecture, Japan, ²Department of Health and Nutrition, University of Niigata Prefecture, Japan

PS-1-18 The Ins and Outs of the Energy Values of Food

David Baer

Beltsville Human Nutrition Research Center, United States Department of Agriculture, USA

PS-1-19 Is the Fourth Function of Food 'Richness'?

Setsuko Maeda

Faculty of Agricultural Production and Management, Shizuoka Professional University of Agriculture, Japan

PS-1-20 Polyphenol Content and Antioxidative Activity in Apple Peel

Haato Nakamura^{2,1}, Yuzuka Yamada¹, Kaori Kitakoshi¹

¹Nutrition, Shigakkan University, Japan, ²Nutrition Division, Wakaba Hospital, Japan

PS-1-21 Effects of Amazake on the Blood Glucose Level and the Spontaneous Locomotor Activity in Stress-Loaded Juvenile Mice

Takako Yamato, Yuka Ando

Department of Nutritional Sciences, Nakamura Gakuen University, Japan

PS-1-22 The Effects of Cooking Methods and Time Course for Functional Component in Foodstuffs After Cooking

Ryo Mannen¹, Momoka Kawasaki², Naoko Otsuki^{1,2}, Kayoko Shimoj², Yoko Ichikawa^{1,2}

¹Graduate School of Integrated Pharmaceutical and Nutritional Sciences, University of Shizuoka, Japan, ²School of Food and Nutritional Sciences, University of Shizuoka, Japan

PS-1-23 Development of a Highly Sensitive Enzyme Immunoassay for the Determination of L-PGDS in Hens' Egg White

Satoshi Numata^{1,2}, Chika Ishida², Ryohei Nagata², Misako Ihara², Kou Lau², Makiko Suzuki²

¹Faculty of Health Sciences, Department of Nutrition, Kochi Gakuen University, Japan, ²Faculty of Nutrition, Department of Nutrition, University of Kochi, Japan

PS-1-24 Proposals for New and Improved Measures for the Development of Japan's Foods with Functional Claims System

Tomomi Hattori^{1,2}, Yoichi Nagamura¹

¹Department of Health Science, Graduate School of Health Science, University of Medical Science, Japan, ²Foods and Nutrition, Tsu City College, Japan

Programs

- PS-1-25 The Effect of Sword Bean (*Canavalia gladiata*) on Postprandial Blood Glucose Level**
Tomohisa Koyama¹, Yuichiro Takei¹, Yukiko Sumida¹, Syunsuke Higaki², Michiko Nishioka¹, Takashi Murakami¹, Reiko Aramaki¹, Reiko Inai¹
¹Faculty of Nutrition, University of Kochi, Japan, ²Department of Human Sciences, Hokkaido Bunkyo University, Japan
- PS-1-26 A Double-Blind Placebo-Controlled Trial on Natural Prebiotic Inulin Fiber for Digestive Health**
Ma. Teresa Tricia Guison Bautista
Family Medicine, Quirino Memorial Medical Center, Philippines
- PS-1-27 Change of Betalain and Geosmin Content in Red Beet; Consideration of Cultivation Period and Storage Methods**
Noriko Matsukawa, Hiromi Abiko, Yuzuki Kato, Yusei Narita, Sato Murao, Takayuki Tsukui, Yoshihito Arakawa
Depart of Health Sciences, College of Nutrition, Sapporo University of Health Sciences, Japan
- PS-1-28 Research on Psychological Changes by Mental Health Care Foods Intake for Staff of Care Welfare Facility**
Miho Hihara¹, Rina Kato², Keito Hagi³, Taiji Matsukawa³, Takayuki Okuno¹, Masaki Sonoda⁴
¹Sakura-en, Social Welfare Corporation Shuhokai, Japan, ²Global Health & Beauty Marketing Department, Mikakuto Co., Ltd., Japan, ³Global Healthcare Laboratory, Mikakuto Co., Ltd., Japan, ⁴Department of Neurosurgery, Yokohama City University, Graduate School of Medicine, Japan
- PS-1-30 Development of High-Amylose Pregelatinized Rice for Emergency Use**
Asako Tamura¹, Tomomi Tsuji¹, Azumi Yamagishi², Yasuaki Enoki³
¹Department of Health and Nutrition, University of Niigata Prefecture, Japan, ²Department of Child Studies, University of Niigata Prefecture, Japan, ³Advanced Research Institutes, Bourbon Corporation, Japan

12:30-13:30 Poster Session: System, Education and History of Dietitians

- PS-2-1 A Comparison of Registered Dietitian Accreditation System in China, the United States and Japan: From Past to Future**
Yajie Zhang^{1,2}, Xiaoli Wang², Xiuhua Shen^{1,2}, Yuexin Yang², Wei Cai^{1,2}, Aiguo Ma²
¹Pediatric Research Center, Shanghai Jiaotong University School of Medicine Affiliated Xinhua Hospital, China, ²Education and Training, Chinese Nutrition Society, China
- PS-2-2 Do Skill Improvement and What to Aim for in 10 Years as Dietitians Working in Municipalities Differ Depending on their Aimed Position?**
Tatsuya Koyama¹, Osamu Kushida², Yusuke Arai³, Kazumi Tanaka⁴, Ayaka Iida⁴, Ayumi Morooka⁵, Sumie Isobe⁶, Rie Okamoto⁷, Izumi Shibuya⁸, Katsushi Yoshita⁹
¹Faculty of Health Science, Aomori University of Health and Welfare, Japan, ²School of Food and Nutritional Sciences, University of Shizuoka, Japan, ³Department of Nutrition, Chiba Prefectural University of Health Science, Japan, ⁴Faculty of Health and Social Services, Kanagawa University of Human Services, Japan, ⁵Health Service Division, Hyogo Prefecture Government, Japan, ⁶Department of Welfare and Health, Niigata Prefecture, Japan, ⁷Institute of Medical, Pharmaceutical and Health Sciences, Kanazawa University, Japan, ⁸Seto Health Center, Aichi Prefecture, Japan, ⁹Department of Human Life Science, Osaka City University, Japan
- PS-2-3 Learning Needs of Public Health Dietitians by Years of Experience in Health Promotion in Japan**
Osamu Kushida¹, Tatsuya Koyama², Yusuke Arai³, Kazumi Tanaka⁴, Ayaka Iida⁴, Ayumi Morooka⁵, Sumie Isobe⁶, Rie Okamoto⁷, Izumi Shibuya⁸, Katsushi Yoshita⁹
¹School of Food and Nutritional Sciences, University of Shizuoka, Japan, ²Faculty of Health Science, Aomori University of Health and Welfare, Japan, ³Department of Nutrition, Chiba Prefectural University of Health Science, Japan, ⁴Faculty of Health and Social Services, Kanagawa University of Human Services, Japan, ⁵Health Service Division, Hyogo Prefecture, Japan, ⁶Niitsu Health Center, Niigata Prefecture, Japan, ⁷Faculty of Health Sciences, Kanazawa University, Japan, ⁸Seto Health Center, Aichi Prefecture, Japan, ⁹Department of Human Life Science, Osaka City University, Japan
- PS-2-4 Using Videos to Improve Knife Skills among University Students in Dietitian Training Courses**
Sachiko Terao
Health and Nutrition, Niigata University of Health and Welfare, Japan

Programs

- PS-2-5 Vietnam Nutrition-system Establishment Project (VINEP)**
Kenji Shinkai, Eriko Kondo
AIN&VINEP Team, The Ajinomoto Foundation, Japan
- PS-2-6 Changes in Student Self-efficacy, and the Current Clinical Training Content**
Yumi Nishikawa¹, Miyuki Takeda¹, Tomoko Okamoto²
¹*Nourishment Management Office, Tohoku University Hospital, Japan, ²Department of Nutrition, School of Health Sciences, Sapporo University of Health Sciences, Japan*
